#### BELGIUM : THE ROLE OF THE SOCIAL PARTNERS

VERA DOS SANTOS COSTA HEAD OF THE INTERNATIONAL AND EUROPEAN AFFAIRS DEPARTMENT

# COMMON UNDERSTANDING : THE FIRST KEY PRINCIPLES

- September 2010 : Belgian conference of the CNT-CCE and CESE in the involvement of the social partners in the EU2020 Strategy and in the coming European Semester
- November 2011 : first National report of the Councils in relation with the Semester
- -> Early awareness process on the national challenges of the Semester -> social partners agreed on the fact that the Semester was shaping new forms of designing policies that they were supposed to be at the heart of the implementing.

## STRONG NATIONAL SOCIAL DIALOGUE INSTITUTIONS : 2<sup>ND</sup> KEY PRINCIPLES

- strong social dialogue institutions which provide information : immediate link with permanent representatives (EMCO, SPC)
- On a very regular base a lot of consultation (but not influencing the process of the Semester)
- Great implication of the national SP in the Semester : NRP's jointly commented

#### EUROPEAN SUPPORT AND IMPLICATION: 3<sup>ND</sup> KEY PRINCIPLE

- Belgian SP's involvement in the European social dialogue
- Reshape of the Semester + political context : an opportunity for the Employers ...
- The European support initiatives (capacity building process of the ETUC towards its members, raising awareness in the different social dialogue levels, ...) -> the Joint declaration : a relaunch of the joint social interest !

## TODAY : GREAT INVOLVEMENT, NO INFLUENCE

- Belgian good example ?
- Government not willing to reinforce the social dialogue
- European Governance : an argument for reforms and policies without proper SP's consultation, CSR's are an opportunity to justify other measures, ...
- BUT today : CSR's and country reports more realistic
- Relaunching of the European social dialogue ... the only way forward !

### Thank you !
