Subgroup

dedicated to better implementation outcomes

In an EU which has enlarged to 28 Member States, implementation processes have highlighted some challenges that need to be overcome.

The European social partners **created a subgroup (with a geographical balance)** mandated to look into the follow-up and implementation of autonomous social dialogue instruments and propose supportive actions in order **to achieve better implementation outcomes and aiming at coverage in all member States.**

In addition, the European social partners worked on:

- An overview on the state of play of implementation of autonomous agreements in the 28 Member States.
- A new approach targeted at the 8-10 Member States where the implementation has been identified as insufficient.
